

Dear Member/s

As you are aware the Coronavirus pandemic has compelled, the Federal and State Governments to issue directives on social gatherings and social distancing.

In light of these directives the Association will be rescheduling /cancelling some of our functions and events for the next 3 months to do what is necessary on our part to contain the spread of the virus. The two activities that will be affected are the Community Cricket Match and Hoppers for Brunch

Management will review this decision in 3 months' time to progress the activities of the Association.

I pray you and your families stay safe and healthy.

God bless

Regards

Herwin Allen

President
